

Earth Temple says thank you to community

During the recent holiday season, the staff of Earth Temple Inc., held their annual Project Ho, Ho, Ho. This worthwhile event was said to have once again been a tremendous success for the youth involved.

Those who participated received toys, food, limousine rides and for some, a trip through the friendly skies.

Special thanks is extended to all who donated their time, money and supplies. Thanks also to each law firm who used Complete Ohio

Process Service a division of A.T. Hodge, Legal Services, LTD., to serve court papers. Some of the proceeds from this service were used for the success of this event.

Organizers would also like to thank all parents who brought their children to the event. As well as the Rev. Michael R. Bean Sr. and the parishioners at St. Paul A.M.E. Church, Herman Ringer and the staff of Ringer Limousine Service for limousine rides for over 100 children and parents, Keith

Edwards and the staff of members of the Young Eagles Flying Club for the plane rides, and the toy companies who gave generously to Earth Temple.

In addition to gifts and fun, those who attended enjoyed games and pizza from Papa John's.

In addition to Project Ho, Ho, Ho, Earth Temple, Inc. and Tony Hodge sponsor the Kid Captain Yacht program during the summer months. As a part of this program, youth that participate receive

free boat rides in Cleveland after being transported to the City Yacht Club. This year's program is being planned at meetings held monthly through June. The meetings are being held at 1695 Franklin Ave.

For additional information regarding this program or upcoming events, contact (614) 231-5595 or log onto Godbrother.com. Information may also be obtained from Earthtemple.net.
